Prediction Markets Are Stuck in the Stone Age

- Apps, wallets, clunky UIs — friction kills engagement.
- No seamless social integration from Twitter in seconds.
- Biased resolutions !' disputes; crypto needs trustless, AI-driven truth.
- Prediction markets grew 300% in 2024, but UX lags (Dune).

Tweet to Create, Bet to Win — Grok AI + Solana

- Tag @solpredictbot to create, deposit SOL, or bet YES/NO instantly.
- No apps: unique deposit address per user; reply to bet.
- Grok AI auto resolves fairly with real time data; no human bias.

Seamless Twitter to Blockchain Flow

1 Tag @solpredictbot “create [question]” — market launches in seconds.

2 Users reply “yes 0.1” or “no 0.5” — bets in SOL linked to handle.

3 Deposit via bot generated address; 0.5% to the market creator.

4 Ends in 1 day; Grok AI resolves; winners paid instantly on Solana.
